							CLUB	\$5 COLLECTED			\$25.00

****Note:** A protest was brought to the attention of the tournament director prior to the scales closing. A member questioned his final weight being correct because the scale was not working properly making it difficult for the tournament director to weigh the fish accurately. Because the member's fish had been released the tournament director was unable to re-weigh the member's fish. However, the club treasurer was present at the scale as the tournament director was weighing the members' fish and also noticed the scale was not zeroing out at times. This protest will be addressed at the next club meeting.
